This booklet provides a list of our Medicare Advantage plans' network pharmacies. All network pharmacies may not be listed in this directory. Pharmacies may have moved, closed, been added or removed from the list after this directory was printed. To get current information about our Medicare Advantage plans' network pharmacies in your area, please visit our website at www.bluecrossma.com/medicare or call our Member Service department at 1-800-200-4255, Monday–Friday, 8:00 a.m. to 8:00 p.m. TTY users should call 1-800-522-1254.

Use this [Table of Contents](#) to locate information in this directory about each of our network pharmacies:

Introduction

This booklet provides a list of our network pharmacies. To get a complete description of your prescription coverage, including how to fill your prescriptions, please review the Evidence of Coverage and the plan's formulary. If you have additional questions, please call Member Service at **1-800-200-4255**, Monday–Friday, 8:00 a.m. to 8:00 p.m. TTY/TDD users should call **1-800-522-1254**. Or visit www.bluecrossma.com/medicare.

We call the pharmacies on this list our “network pharmacies” because we have made arrangements with them to provide prescription drugs to plan members. A network pharmacy is a pharmacy where beneficiaries obtain prescription drug benefits provided by our plans. In most cases, your prescriptions are covered under our Medicare Advantage plans only if they are filled at a network pharmacy or through our mail-order pharmacy service. Once you go to one, you are not required to continue going to the same pharmacy to fill your prescription. You can go to any of our network pharmacies. We will fill prescriptions at non-network pharmacies under certain circumstances as described in your Evidence of Coverage.

Can the list of network pharmacies change?

Yes, our Medicare Advantage plans may add or remove pharmacies from the pharmacy directory. To get current information about our network pharmacies in your area, please visit our website at www.bluecrossma.com/medicare or call Member Service at **1-800-200-4255**, Monday–Friday, 8:00 a.m. to 8:00 p.m. TTY users should call **1-800-522-1254**.

How do I find a network pharmacy in my area?

In this directory, you will be able to find information about our network pharmacies. Our pharmacies are listed according to City/Town so you can locate a pharmacy close to your home. Chain pharmacies are listed once, but you can call a chain pharmacy at their toll-free number to find a location near you. Or, you can visit our website at www.bluecrossma.com/medicare or call Member Service at **1-800-200-4255**, Monday–Friday, 8:00 a.m. to 8:00 p.m. TTY users should call **1-800-522-1254**.

Filling prescriptions outside the network

Generally, we only cover drugs filled at an out-of-network pharmacy in limited, non-routine circumstances when a network pharmacy is not available. Below are some circumstances when we would cover prescriptions filled at an out-of-network pharmacy. **Before you fill your prescription in these situations, call Member Service to see if there is a network pharmacy in your area where you can fill your prescription.** If you do go to an out-of-network pharmacy for the reasons listed below, you may have to pay the full cost (rather than paying just your copayment) when you fill your prescription. You can ask us to reimburse you for our share of the cost by submitting a claim form. However, even after we reimburse you for our share of the cost, you may pay more for a drug purchased at an out-of-network pharmacy because the out-of-network pharmacy's price is higher than what a network pharmacy would have charged. You should submit a claim to us if you fill a prescription at an out-of-network pharmacy as any amount you pay, consistent with the circumstances listed above, will help you qualify for catastrophic coverage.

We will cover your prescription at an out-of-network pharmacy if at least one of the following applies:

- If the prescriptions are related to care for a medical emergency or urgent care.
- If you are unable to obtain a covered drug in a timely manner within our service area because there is no network pharmacy within a reasonable driving distance that provides 24-hour service.
- If you are trying to fill a prescription drug that is not regularly stocked at an accessible network retail or mail-service pharmacy (including high-cost and unique drugs).
- If you are getting a vaccine that is medically necessary but not covered by Medicare Part B, and some covered drugs that are administered in your doctor's office.

Are home infusion providers part of our Medicare Advantage plans' pharmacy network?

- Members of a Medicare HMO Blue plan must use network home infusion providers.
- A Medicare PPO Blue plan member may use network or non-network home infusion providers; however, you may pay more for out-of-network services.

Are long-term care pharmacies part of our Medicare Advantage plans' pharmacy network?

Residents of a long-term care facility may access their prescription drugs covered under our Medicare Advantage Plans through the facility's long-term care pharmacy or another network long-term care pharmacy.

For more information

For more detailed information about your Medicare Advantage plans' prescription drug coverage, please review the Evidence of Coverage and our formulary.

If you have questions about our Medicare Advantage plans, please call Member Service at **1-800-200-4255**, Monday–Friday, 8:00 a.m. to 8:00 p.m. TTY users should call **1-800-522-1254**. Or, visit www.bluecrossma.com/medicare.
