INITIAL TREATMENT

Please check off if the treatment being requested is the following:	
Lutetium 177 (Lu 177) dotatate.	<input type="checkbox"/>

Please check off if the patient meets <u>ALL</u> of the following criteria:	
Patient is an adult (≥18 years of age).	<input type="checkbox"/>
Patient has documented low or intermediate grade (Ki-67 index ≤20%), locally advanced or metastatic, gastroenteropancreatic (including foregut, midgut, and hindgut) or bronchopulmonary or thymus neuroendocrine tumor.	<input type="checkbox"/>

Patient has documented somatostatin receptor expression of a neuroendocrine tumor as detected by somatostatin receptor-based imaging (68Ga-dotate positron emission tomography or computed tomography, which is preferred) or somatostatin receptor scintigraphy.	<input type="checkbox"/>
Patient has documented disease progression while on octreotide long-acting release therapy.	<input type="checkbox"/>
Patient is not receiving long-acting somatostatin analogues for at least 4 weeks prior to initiating Lu 177 dotatate.	<input type="checkbox"/>
Patients does not have severe renal impairment (creatinine clearance, <30 mL/min).	<input type="checkbox"/>
Patient has adequate bone marrow and hepatic function as determined by the treating physician.	<input type="checkbox"/>
Patient has documented Karnofsky Performance Status score of 60 or greater.	

CONTINUATION OF TREATMENT

Please check off if the treatment being requested is the following:	
Continuation of Lu 177 dotatate.	<input type="checkbox"/>

Please check off if the patient meets ALL of the following criteria:	
No recurrent grade 2, 3, or 4 thrombocytopenia.	<input type="checkbox"/>
No recurrent grade 3 or 4 anemia and neutropenia.	<input type="checkbox"/>
No recurrent hepatotoxicity.	<input type="checkbox"/>
No recurrent grade 3 or 4 nonhematologic toxicity.	<input type="checkbox"/>
Renal toxicity requiring a treatment delay of 16 weeks or longer.	<input type="checkbox"/>

Note: Lu 177 dotatate treatment is considered INVESTIGATIONAL in all other situations in which the above criteria are not met.
