

Hospital Choice Cost Sharing

MASSACHUSETTS

Your medical plan gives you an opportunity to control your share of medical costs for hospital care. That's because what you pay depends on the hospital or related facility you choose.

- Lower Cost Share (\$) applies to hospitals and related facilities that have met our quality benchmarks and are lower cost. You pay less when you get care at these hospitals.
- Higher Cost Share (\$\$) applies to hospitals and related facilities that have met our quality benchmarks and are higher cost. You pay more when you get care at these hospitals.

These costs apply to: inpatient care, outpatient day surgery, outpatient high-tech radiology, outpatient diagnostic lab tests, outpatient diagnostic X-rays and other imaging tests, and outpatient short-term rehabilitation therapy.

This sheet can help you get the highest value from your plan. Just follow the simple steps below to assess your hospitals and your options. Your health benefits will tell you what your specific share of the costs is. If you are unsure, you can call the number on the front of your member ID card.

Step 1: Make a List of the Hospitals Where You Receive Care.
