At Blue Cross Blue Shield of Massachusetts, we're leading the way to better health and lower costs. Rated among the nation's best health plans for member satisfaction and quality, we cover more people in Massachusetts than any other health plan.

## THREE YEARS IN A ROW

We ranked "Highest in Member Satisfaction among Commercial Health Plans in Massachusetts" by J.D. Power in 2017, 2018, and 2019.

## Important Information About This Chart

This chart allows you to compare some of the benefits under each of the plans listed. There may be other cost-share features not included in this chart. Please refer to the plan subscriber certificates for full benefit information.

**Hospital Choice Cost Sharing (blue shaded products):** These standard plan designs include the Hospital Choice Cost Sharing feature, which results in a lower premium rate. With Hospital Choice Cost Sharing, members are empowered to control their out-of-pocket costs based on the hospital they choose for care. When members choose hospitals that have met our quality benchmarks and are lower cost, they'll pay less. This approach provides incentives for members to make cost-effective provider choices. For a list of higher-cost hospitals, see footnote #8 on the back page. For more information, visit [bluecrossma.com/hospitalchoice](https://bluecrossma.com/hospitalchoice) or contact your account executive or broker.

**Blue Options (green shaded products):** These health plans include a tiered provider network called Preferred Blue PPO Options v.5. Our Blue Options plans combine financial incentives with tiered networks, adding even greater value to employers and employees. Members pay different levels of cost share (copayments, coinsurance, and/or deductibles) depending on the benefits tier of the provider furnishing the services. A provider's benefits tier may change. Overall changes to the benefits tiers of providers will happen no more than once each calendar year. For help in finding the benefits tier of a provider, visit the online provider search tool at [bluecrossma.com](https://bluecrossma.com) and search for "Preferred Blue PPO Options v.5".

**Medicare Creditable Coverage:** All plans in this chart, except for Preferred Blue® PPO Basic Saver, Preferred Blue® PPO Saver \$3,000, and Preferred Blue® PPO \$4,500 Saver, meet Medicare Creditable Coverage prescription drug coverage requirements. Creditable Coverage means that the member's prescription drug coverage is as good as or better than the standard Medicare Part D plan.

**Minimum Creditable Coverage:** All plans in this chart, except for Preferred Blue® PPO \$4,500 Deductible, meet the minimum level of benefits for adult tax filers to be considered insured and avoid tax penalties in Massachusetts.

**Low-Cost Generic Drug Benefit:** With all plans, members can get a 90-day supply of select generic medications for only \$9 when filled through Express Scripts®, our mail service pharmacy. Normal prescription guidelines apply.

**Select Home Delivery:** Members in plans with Select Home Delivery need to choose whether they want to fill their maintenance medications through our mail order pharmacy, Express Scripts® (ESI), or at a retail pharmacy. Members who fill their prescriptions through ESI can save time and money on a 90-day supply of their medications. Members who choose to fill their prescriptions at a retail pharmacy need to notify ESI before their third medication fill, or they will be responsible for the full cost of their medication. These benefits are included in all plans listed in this chart.

**Value Based Benefits<sup>1</sup>:** This approach to managing costs focuses on improving the health of members who have certain chronic conditions. These benefits are included in all plans listed in this chart.

## Footnotes

1. Value Based Benefits:
  - Members will pay nothing for the first two diabetic monitoring visits per calendar year. These are services such as diabetes evaluation and management services, including diabetic eye exams and foot care.
  - Members will pay the same cost share for a 90-day supply of medication when purchased at the mail pharmacy as they do for a 30-day supply when purchased from a retail pharmacy. For 4-Tier pharmacy benefits, this applies to a specific list of Tier 1, Tier 2, and Tier 3 medications used in the treatment of asthma, coronary artery disease/cardiovascular disease, and diabetes, as well as a co-morbidity of depression.
  - Members will pay nothing for certain Tier 1 and Tier 2 smoking cessation products when purchased at either a retail pharmacy or mail pharmacy.
2. The two deductible amounts refer to per member and per family per plan year unless otherwise noted.
3. The two out-of-pocket maximum amounts refer to per member and per family per plan year unless otherwise noted. The out-of-pocket maximum amounts include copayments, coinsurance, and deductible, including costs for covered prescription drugs.
4. Entire family deductible must be satisfied before benefits are provided for any one member enrolled under a family membership.
5. The family deductible can be met through any combination of eligible costs from members on the same family plan. Each member is only responsible for their individual deductible.
6. Overall deductible does not apply to preventive or value-based drugs.
7. Cost sharing for these benefits may be higher when performed at a general hospital or hospital-owned outpatient facility.
8. Higher cost hospitals are: Baystate Medical Center, Brigham and Women's Hospital, Cape Cod Hospital, Boston Children's Hospital (other than locations at Lexington, Peabody, and Waltham), Dana-Farber Cancer Institute, Fairview Hospital, Massachusetts General Hospital, and UMass Memorial Medical Center – Memorial and University Campuses. This applies to in-network services only.
9. Outside Massachusetts, the lower Enhanced Benefits Tier copayment applies to any network provider who is listed as a general practitioner, pediatrician, obstetrician/gynecologist, nurse practitioner, rural health center, limited services clinic, or general hospital. In New Hampshire, a Tier 1 provider equates to an Enhanced Benefits Tier provider and a Tier 2 provider equates to a Standard Benefits Tier provider.
10. To provide geographic access to members, the lower Standard Benefits Tier copayment applies to Athol Memorial Hospital, Baystate Franklin Medical Center, Berkshire Medical Center, Falmouth Hospital, Martha's Vineyard Hospital, and Nantucket Cottage Hospital.
11. Small employer group: "Eligible small business" or "group", any sole proprietorship, firm, corporation, partnership or association actively engaged in business that on at least fifty percent of its working days during the preceding year, employed from one to not more than fifty full-time equivalent employees, the majority of whom worked in the commonwealth; provided, however, that a health carrier may offer health insurance to a business of more than fifty employees in accordance with the provisions of this chapter. In determining the number of full-time equivalent employees, a business shall be considered to be one eligible small business or group if: (1) it is eligible to file a combined tax return for purpose of state taxation, or (2) its companies are affiliated companies through the same corporate parent. Except as otherwise specifically provided, provisions of this chapter that apply to an eligible small business shall continue to apply through the end of the rating period in which an eligible insured no longer meets the requirements of this definition. An eligible small business that exists within a MEWA shall be subject to this chapter.
