# AN INTRODUCTION TO MEDEX

Medex is a Medicare supplement plan offered by Blue Cross Blue Shield of Massachusetts. It can be added to Medicare Part A and Part B coverage to fill “gaps” in your Medicare coverage.

As a supplemental insurance plan, Medex helps cover health care expenses left over after Medicare has covered its portion of costs.

Medex offers you a choice of two plans with varying coverage levels and premiums, making it easy to find a plan that meets your unique needs.

Depending on which option you choose, Medex may cover most of Medicare cost sharing amounts, or “gaps,” as well as some services not covered by Medicare. You’ll learn more about Medicare cost sharing amounts in the next few pages.

We’ll also help you determine which Medex plan is right for you by discussing what each plan covers and comparing costs.

But let’s begin by exploring what Medicare actually is and how you might benefit from a Medex supplemental plan.

**Important: If you haven't enrolled in Medicare,  
it is recommended that you contact  
your local Social Security office  
three months prior to your 65th birthday.**

# WHAT IS ORIGINAL MEDICARE?

Original Medicare is a federally funded health insurance plan. It is designed for people age 65 or older and some disabled people under age 65.

Original Medicare has two parts:

## Medicare Part A

(Hospital insurance) pays for inpatient hospital expenses.

### Services covered:

#### Facility Care

- Inpatient hospital care
- Skilled nursing facility care
- Hospice care
- Home health services

## Medicare Part B

(Medical insurance) pays for outpatient hospital charges, doctor visits, and many other medical services not covered by Part A.

### Services covered:

#### Medical Expenses

- Doctors' services
- Physical and speech therapy
- Diagnostic tests
- Ambulance trips
- Durable medical equipment
- Diabetic testing supplies

(Without Supplemental Insurance)

## Why Do I Need to Supplement Medicare?

Although Medicare pays a large portion of your medical expenses, you are responsible for the remaining costs. Also, Medicare does not cover all medical services in all situations.

## Here are some important things to know about Medicare:

- You may have to pay deductible and co-insurance costs. When Medicare covers a service, you often must pay for a portion of the cost. Your portion is referred to as a deductible or co-insurance. Deductibles are the amount you are responsible for before Medicare begins to pay, and they are subject to change from year to year. After your deductible is paid, you may need to pay an additional amount—usually 20 percent of the cost for the service, called co-insurance.
- In most cases, Medicare does not cover you outside the United States, even in the event of an emergency. Please refer to the chart on page 6 for an illustration of Medicare coverage that's not supplemented with a Medex plan. The chart highlights Medicare's benefits, deductible and co-insurance costs, and some of the services Medicare does not cover.
- Expenses that are not covered by Medicare are often referred to as "gaps." Medicare supplement ("Medigap") plans, such as Medex, help to fill in these coverage gaps. They help you pay Medicare's deductible and co-insurance costs, and cover certain services Medicare doesn't.

Please refer to the charts on pages 7 through 14 for coverage when Medicare is combined with a Medex plan.

## Medex plans have many advantages

- You can seek care from any Medicare physician or hospital throughout the United States.
- You don't need to choose a PCP.
- You don't need to get referrals for specialty care.
- There are no copayments for physician services.
- You can adjust your Medex coverage at any time during the year. Your coverage in the new plan will begin the first of the month following receipt of your request to change plans.
- Your Blue Cross Blue Shield of Massachusetts ID card is recognized around the world.

- You are enrolled (or will be enrolling) in both Medicare Part A and Part B.
- You may also be eligible if you are under age 65 and have a disability other than end-stage renal disease (ESRD).

Note: If you are already covered by both Medicare and Medicaid, you may not need the additional coverage that Medex would provide. For more information, contact the Massachusetts Executive Office of Elder Affairs insurance counseling program at **1-800-882-2003**.

# HOW DO I ENROLL?

If you want to enroll in Medex, just follow these easy steps:

Choose a Medex plan. The charts in this brochure let you compare plan coverage and determine which option best suits your unique needs.

Decide if you want to be billed monthly or quarterly. You may find the quarterly billing option more convenient if you plan to travel for more than a few weeks at a time. You must also decide if you want your premium due on the 1st or 15th of each month.

Enroll online, by phone, by mail, or by fax. See below for details. In addition to your name and address, you will need to provide the Medicare number that appears on your Medicare card. (If you don't have your Medicare card, contact the Social Security Administration office).

Please note that spouses need to enroll separately. If you receive your health benefits through a group contract (such as a former employer), please follow that group's enrollment procedures. Make sure that you keep a copy for your records.

## Enrolling Is Easy

If you're ready to enroll in Medex, you can enroll by telephone, online, by mail, or by fax:
